WorthLess?
West Sussex Schools campaign for fairer funding

How children across West Sussex schools are being disadvantaged

The current picture...

Average per pupil funding

This means that children in West Sussex receive £41 million less than the average authority and £200 million less than pupils in London.

Costs provided below are indicative.

Teacher/TA salaries can vary according to specific roles, experience and expertise.

All costs are used as a guide only.

= 100 Teachers (£27K inc on costs)
= 100 Teaching Assistants (£14K inc on costs)
= 100,000 Text Books (£7 each)
= 1,000 Computers (£350 each)
= 1,000 iPads (£319 each)
= 1,000 Classroom Kits *(15 tables & 30 chairs)* (£989 each)

How could the money be spent?

£41million
funding levels to match the national average

Teachers
